

Oak Class (12th July – 16th July 2021)

Kindness, Understanding and Forgiveness

PE

We have enjoyed a lot of PE this week. The children have actually really enjoyed our summer term sports for a long time. You will often hear a lot of cheering, encouraging and teamwork on the top field during our PE sessions. Rounders has been a very popular sport with Oak class. Week on week, they improve their strategy and tactics with clear communication evident throughout. It might be a game for the garden too with the family over the summer.

Attention Children!

Get lots of rest this weekend. You have worked really hard this week and deserve a well-earned rest.

Lots of things are happening next week: leavers service, whole school trip amongst other things.

Homework – last one of the school year. See if you can beat your times table best score and get 100% of your spellings correct.

The Jungle Book Production

WOW! What I can say about the production. I was incredibly proud of all the children during both performances this week. On Thursday, we had some nervous but excited children in the quiet garden after lunch waiting for the first performance. When the children made their way to the stage, you could see their eyes light up and their 'game face' on! Many teaching staff came to me after both performances to say how proud they were – some had tears in their eyes during the performances. I must say, thank you to all of you who have provided costumes for your children, listened to the soundtrack being repeated at home over and over again and rehearsed lines with your child.

DT

This week, the children have started to use vices, saws, glue-guns, hammers and nails to make their hedgehog homes and bird boxes. Thank you to those of you who have provided wood. Not all children have started this week so we welcome any more spare wood that you have.

Those that have started making their animal homes were precise and took care of themselves whilst using the equipment. The children had to be patient and adapt some of their designs based on the equipment they were using. Thank you to Mrs Viner for supporting this.

Guided Reading

The children have continued to read *The Midnight Fox* in class. In the last week, the children have found the meaning of new words, answered comprehension questions, discussed how a character has changed from beginning to end and evaluated the language used by the author to 'hook' the reader in. Next week we will finish the story and talk about the effect it has had on us.

Keep reading your own books at home children.
