

Caterlink Primary Schools Food For Life Served Here Award

Food for Life, which was created by the Soil Association, started in 2003 with the aims of making healthy, tasty and sustainable meals the norm for all to enjoy, reconnecting people with where their food comes from, teaching them how food is grown and cooked, and championing the importance of well-sourced ingredients.

In 2009 Food for Life started an award accreditation programme called Food for Life Served Here.

The Food For Life Served Here award ensures:

- Food served is fresh
- Healthy eating is made easy
- The food we buy is sustainable and ethical
- Local farmers & food producers are supported

life here

Caterlink were the **first contract caterer to achieve the award** in 2009 and have achieved the award **every year** since!

Everyone eating a Caterlink primary school lunch can be sure that they are eating from a menu that meets at least the Food For Life Served Here

Food For Life work in partnership with the Royal Society for Public Health, Focus on Food, Garden Organic and the Health Education Trust!
