

# Oak Class (4th April – 8<sup>th</sup> April 2022)

## Hope and Happiness

### Our week in school!

We have crammed a lot into our last week in school. Mrs Connolly made Greek food with Oak class, we had our class worship in the school hall, we finished our Olympic wired sculptures and made trip to church for our Easter service.

You will be able to see pictures of these activities (as well as other things we have done this term) on the school website below:

### Attention Children!!

Congratulations children. You have achieved lots of good outcomes this term. Many of you have battled being off ill with COVID to still ensure you are working at a really high level.

Make sure you have a good rest over the Easter holidays. The summer term always goes very quickly and is one to enjoy. Hopefully we will outside for long periods because of the warm weather. It will however be our last big term together ☺

### English

We have started to analyse the media this week as part of reading lessons. The children have compared and contrasted the media's view on two famous footballers as well as Kate Middleton and Meghan Markle. I have attached the same link as last week for those struggling to find a new book to read.

<https://schoolreadinglist.co.uk/reading-lists-for-ks2-school-pupils/suggested-reading-list-for-year-6-pupils-ks2-age-10-11/>. In writing, we have up-levelled, edited and polished our newspaper report on the Battle of Marathon. Lots of newspaper features as well as sparkly punctuation and high level vocabulary on display in the children's books.

### Maths

This week, Oak class have started to learn about ratio and proportion. An easy way for children to understand this concept is by talking about food. During the week, we have used recipes to work out what happens if double/halve or quadruple the amount of people and what this means to the ingredients. MyMaths has lots of activities which encourage the children to solve ratio and proportion problems. <https://app.mymaths.co.uk/158-lesson/ratio-introduction>

### Next term

Next term is equally as busy as this term! Here is a flavour of what is coming next:  
 School trip – Beauty and the Beast  
 School production of Beauty and the Beast  
 Sports Day  
 IMPS visit  
 Y6 STEM day at FCC  
 Transition morning  
 Science workshop at Abingdon School  
 Summer fete based around Enterprise week  
 Year 6 leavers walk, BBQ and service
