

### **The Buckland School Trust - an up-date**

The Trustees were unable to meet in March and October due to Covid restrictions so have communicated via email.

Some donations have been received and it has been agreed to pay for the coach for the Hill End outdoor experience and also provide a subsidy for families who need it.

The Trust was set up to provide worthwhile educational 'extras' not funded by the government. Any parent or friend of Buckland School who would like to donate can get more information from the School office. Last year we bought leavers' pens, four globes, the History Time Line for the School hall, paid for the African drumming display and contributed to the visits to the science labs in Abingdon and the Hooke Court residential visit.

Any money you could give, especially if Gift Aided - a very good source of income for us - would be put to very good use.

Thank you.
